BIANCA SAYS:

"Being part of a supportive organisation makes a significant difference in the success of my work. Having a team that stands behind me and puts the client first creates a conducive environment for providing excellent service and achieving positive outcomes."

BIOGRAPHY

Bianca is an HCPC Registered Occupational Therapist who has been practicing in the field since 2004. Her primary focus has been on adult social care, specifically dealing with complex disabilities, neurological conditions, and palliative care. She has developed expertise in setting up and monitoring care packages for individuals with complex needs, as well as providing moving and handling training and single-handed care.

In her work with WCM, Bianca specialises in complex case management. Her caseload includes individuals with complex social situations, and she utilises effective communication skills to establish positive relationships with clients, their families, and support workers. Bianca is skilled in justifying and explaining her decisions and requests for funding, ensuring that her clients receive the necessary resources and support.

Bianca's proficiency extends to conducting assessments for adults and young people with physical and neurological conditions. She takes a holistic and client-centred approach to these assessments, considering the individual's needs and recommending appropriate rehabilitation, care and support, equipment, home adaptations, and grant funding when necessary. Additionally, Bianca has experience providing supervision and facilitating staff development to enhance the skills and knowledge of other professionals within healthcare.
