CARLY SAYS:

“My diverse skill set allows me to bring a unique perspective to case management. Having the ability to understand and address the complex situations our clients encounter can be highly valuable in providing effective support. Collaborating closely with my WCM colleagues in the office and management team, who have diverse expertise and knowledge, can further enhance the effectiveness of our processes and interventions.”

BIOGRAPHY

Carly is an HCPC Registered Physiotherapist who also has a degree in Occupation Therapy. With her extensive experience in both the private and public sectors, she has developed a wide range of clinical expertise in acute and rehabilitative care, particularly with adults facing neurological conditions.

In her role as a case manager for WCM, Carly applies her specialised knowledge and excellent core skills to perform advanced therapeutic assessments. She utilises her analytical, logical, and determined approach to problem-solving, ensuring that she delivers individualised treatment programs tailored to each client's specific needs. Carly collaborates with relevant services, facilitating complex discharge planning to ensure a smooth transition for her clients.

Furthermore, Carly has a keen eye for identifying any needs for postural support and recommending appropriate equipment to improve her clients' overall wellbeing and enhance their participation in daily activities. She excels in supervising and monitoring support workers and care teams, providing necessary training to ensure optimal care delivery. Carly's ability to work closely with clients fosters a collaborative environment where their needs and goals are identified and supported.

Carly's notable double qualification as both an occupational therapist as well as a physiotherapist, underscores her commitment to providing comprehensive care to individuals in need. With her wealth of experience and strong clinical judgment, Carly is well-equipped to make a positive impact in the lives of her clients and support them in achieving their goals.
