### TESTIMONIALS

*I have worked with Julia over the last few years with brain injured clients in my capacity as Court of Protection deputy. I have found her to be a hands on, proactive case manager and a great communicator.*

**Lanyon Bowdler LLP**

*Julia is very professional at her job but also very client family oriented. I can honestly say Julia is there for her client and family whenever I contact her.*

**Parent of a Client**

*Julia has been Case Manager for our son for some time now and has impressed us with her ability to "Get things sorted". She is easy to talk too, explains things in a way that we "Mere Mortals" can understand and always makes sure that we know exactly what is going on. We know that if we have any concerns Julia is always at the end of the telephone and is always there to help us. We feel more relaxed and confident about our sons care with Julia on board as our case manager.*

**Parent of a Client**

*Julia is always diligent and helpful. She is aware of everything that is going on with my case and is able to convene everyone in my multidisciplinary team together to meet goals. She is helpful in assisting me to find solutions to any problems/concerns and is quick to react to them. Thank you, Julia.*

*I have been a support worker for AJCM for 6 years now. I have found the office staff to be extremely friendly, professional, and knowledgeable. My role continues to challenge me, and I learn skills which benefit my life outside of work, as well as increasing my job satisfaction day-to-day. I am provided with an excellent case manager (thank you Julia Meakin), who makes me feel heard, respected and a valued member of the team. All this ensures the very best level of care for my client which enables her to achieve amazing outcomes for her rehab goals, and overall life satisfaction.*
