BIOGRAPHY

Katie is an HCPC Registered Occupational Therapist and case manager with extensive experience and expertise in dealing with a wide range of complex conditions and disabilities. Her areas of specialisation include brain injury, complex disability, social difficulties, cerebral palsy, and working with children and young people during the transition period between child and adult services.

One of Katie's greatest strengths is her ability to understand the various factors that impact disabled individuals and their families, allowing her to provide comprehensive and tailored support. She is highly skilled in communication and maintains a professional yet approachable demeanour, which helps her establish strong connections with her clients.

As a skilled mediator, Katie excels in handling challenging discussions and managing conflicts or differences of opinion effectively. She prioritises building and maintaining trust with her clients, recognising its significance in facilitating positive outcomes. Katie is a passionate advocate for her clients and believes in taking a holistic and collaborative approach to achieve the best results.

Her ability to build rapport is evident in her successful engagement with difficult-to-reach clients, those with mental health difficulties, and those experiencing sensory loss. Katie also possesses a goal-oriented approach, ensuring that her recommendations are well-justified and aimed at achieving specific outcomes.
