BIOGRAPHY

Mika Rankin is a Registered Disability and Paediatric Nurse who has worked in a variety of establishments within the community paediatric field. She trained as a Disability Nurse at Frenchay School of Nursing, Bristol in 1991 and as a Paediatric Nurse at University College Northampton Centre for Healthcare Education in 2002.

Following qualification in 1991, Mika's professional positions ranged from managing a respite unit for children with severe disabilities to being a Paediatric Home Care Nurse, a Senior Nurse of a home care team and Deputy Head of Care at a residential school.

Mika passed the ENB 998 Course in Teaching and Assessing in Clinical Practice and is also qualified as an NVQ Assessor. She is experienced at supervising and training staff members, particularly regarding the needs of children with special needs. Mika frequently attends courses to maintain and further her expertise in the field of paediatric disability and other related issues. Her particular interest is working in partnership with children and families and this underpins her work ethos. Her other interests lie in the effective use of multi-sensory rooms, holistic massage and aromatherapy.

Mika has worked as a case manager with Brownbill Associates Ltd since 2002 and was promoted to senior case manager in 2008. She has acquired extensive experience as a specialist paediatric case manager since joining the company and has excellent skills working with children with complex and life limiting conditions, usually related to cerebral palsy, spinal cord injury and acquired brain injury. She has a proactive and professional approach to her work and is skilled at working with clients and their families to ensure the client's needs are met appropriately.

BIOGRAPHY continued

In her role as case manager, Mika is especially knowledgeable about recruiting, employing and managing directly employed staff, on behalf of or in tandem with clients and their families. As such, she has achieved many successful outcomes where the families have been better supported and the client's life experiences have been enhanced.

Mika is a valued member of the case manager group at Brownbill Associates Ltd and she is skilled at sharing her knowledge with less experienced case managers and often assists with in-house training sessions.
