Testimonial

"Jamie is an excellent case manager. His attention to detail is always high, as is the quality of service he delivers. He responds to clients, the litigation team, and therapy team in a timely and professional manner and strives to ensure his clients achieve their rehabilitation goals. He can communicate and solve problems with ease. With a positive outlook, it has been a pleasure to work collaboratively with him. He is open to feedback and always tries to improve and develop the services he works in. His managerial skills shone through in his role as case manager".
