Biography:

Florence is an experienced Physiotherapist and Case Manager based in London. She graduated in 2006 and has worked in both NHS and private practice settings as a case manager and physiotherapist. She has a passion for rehabilitation and working with clients from a variety of cultural and socio-economic backgrounds.

Florence has experience of managing complex cases under the 2015 Rehabilitation Code, including those with orthopaedic and neurological injuries, polytrauma, traumatic brain injury, and spinal cord injuries. Her experience within busy inner London NHS trusts has given her a very good understanding of referral and therapeutic pathways within the statutory services, as well as mental health support, funding, and advocacy resources. She has experience of coordinating mixed (private & statutory) therapy teams to ensure the client's needs are fully met and all risks managed. Her excellent leadership skills come from her work in busy inner London discharge teams.

Florence maintains an active and varied clinical caseload alongside her case management work which enables her to provide a bespoke and uniquely tailored approach to her clients. Working within neurological rehabilitation, Florence has knowledge and experience of clients with epilepsy, cognitive difficulties and learning disabilities, bilateral lower limb weakness and contracture development. She is experienced in vestibular rehabilitation, ergonomic assessment, and women's health. In addition, Florence is qualified to fit, administer, and maintain the Rebotics ReWalk 6.0 personal exoskeleton system and the Remotion Exopulse Mollie Suit.

Overall, Florence's dedication, expertise and holistic approach, enable her to utilise her extensive experience of physical disability for the benefit of her clients.
